Muskegon County

Caring for your community.

Through your support, these programs are making an impact!

Reading Success

ESL Muskegon was dedicated to serving our immigrant population, but needed infrastructure support to be sustainable. Combining ESL Muskegon with Read Muskegon's existing programs, strengthens both and ensures that the immigrant population has access to language and citizenship programs that will help them assimilate into the larger community. Your support is making that possible.

Revitalized Neighborhood

You are helping to support revitalization, accessibility, and aesthetics in Muskegon's growing Midtown Business District. A "Third Street Streetscape" will help make this successful small business district more welcoming, vibrant, attractive, and an important part of the on-going Nelson Neighborhood growth. #WatchMuskegonGo!

Accessible Sports

Sports have always been a great way to engage youth. But many of our sports programs are not able to accommodate kids with disabilities. Your support is helping build a barrier-free T-ball diamond in Muskegon County. Now even more of our community's kids will be able to experience the thrill of participating in a team sport!

Eviction Prevention

Eviction happens all too often in Muskegon County. Families are displaced from their homes which adversely impacts their credit history and their ability to find future housing. A innovative collaboration between area landlords, 60th District Court, DHHS, and Community enCompass created the Muskegon County Eviction Prevention Program, an early intervention, problem-solving system for qualifying families. And it's working!

New Business Development

The West Michigan Shoreline Food Processing Initiative continues to make progress connecting farmers, food processors, municipalities, and economic development officials with resources, infrastructure, new markets, and educational institutions. This work is leading to sustainable regional job creation and economic growth. Your support is making it happen!

A Place to Belong

Every kid wants to fit in. But for those with physical or cognitive challenges, it can be tough. No More Sidelines works with nearly 400 local families to provide enriching recreational, social, and skill-building activities for kids and young adults in a warm, welcoming environment. Your support of the Building Belonging campaign improves and expands their facility and ensures that everyone has a place to fit in.
