community foundation
Muskegon County

Job Description

Job title: Chief Financial Officer
Reports to: President/Chief Executive Officer
FLSA Status: Exempt

General Summary

The Chief Financial Officer is responsible for organizing, planning, directing, and evaluating the Community Foundation's financial functions. Oversees and manages all activities related to accounting, asset management, budget, accounts payable and financial reporting. Responsible for reporting financial condition to Board of Trustees and providing related advice and guidance. Oversees management of investments, and preparations for external audits and evaluations. Ensures all financial and accounting procedures, systems, and records are in accordance with accepted standards, government regulations, and contractual obligations. Responsible for assigned administrative functions including filing of regulatory reports. Serves in a leadership role for Human Resources and Information Technology. Diversity, equity and inclusion are important values of the Community Foundation. We are striving for a diverse workforce, made up of staff that represents the communities we serve.

Principal Duties and Responsibilities (These are intended to describe the general requirements for the performance of this job. It is not intended to be an exhaustive statement of duties, responsibilities, or requirements. All duties are to be performed in accordance with established Community Foundation policies, standards, and protocols.)

Leadership

1. Participates in evaluation and planning of Community Foundation's overall strategic focus and initiative areas by serving as member of the senior leadership team, and contributing expertise in development of recommendations, and strategies that promote achievement of overall goals and objectives.

2. Leads the financial function by developing an effective team to manage all activities related to accounting, asset management, budget, accounts payable, and financial reporting.

3. Manages the Community Foundation's human resources programs and policies to attract and retain a motivated, high quality, diverse and mission-driven workforce, including: employee benefits and payroll; and regulatory compliance. Oversees staff assigned to the various component of this function.

4. Serves as a resource person to staff on finance or human resources questions or issues.

5. Leads information technology function in coordination with other staff; ensuring an effective team to assess Community Foundation technology needs, identify proposed solutions and manage implementation of selected technology as appropriate.

6. Makes recommendations on personnel matters concerning assigned employees including hiring, promotions, discipline, discharges, and performance appraisals.

Financial Management: Oversight and Compliance

7. In conjunction with the President and CEO, directs the formulation and implementation of overall organization finance-related policies, goals, and objectives. Develops, secures approval of, and implements goals, objectives, plans, and budgets for finance and accounting functions and activities. Prepares reports and analyses for review by management and Board of Trustees in evaluating and planning financial results, and financial condition of the organization. Provides support, information, and analyses to various Board committees including the Investment/Finance committee.

8. Ensures protection and availability of financial resources to meet organization's current and future needs through oversight and management of organization's investments, liabilities, assets, receivables, and insurance. Advises President and CEO and Board of Trustees of significant changes in various factors (e.g., markets, tax laws, regulatory environment, revenues, or costs) which could necessitate changes or adjustments in overall financial plans and strategies.

9. Ensures all financial practices, systems, activities, and records are in compliance with applicable government and regulatory requirements. Responsible for overseeing preparations for external audits and evaluations. Implements necessary changes to achieve compliance and enhance practices and controls.

10. Oversees the Community Foundation's financial planning and investment strategies as directed by the Investment/Finance Committee and in accordance with the Community Foundation's Investment Policy Statement. Works cooperatively with outside investment managers, consultants, and custodians to monitor investment portfolio and ensure its proper allocation, return, and safekeeping.

Financial Operations; Oversees and monitors activities and performance of subordinate functions including:

11. Accounting – recording and controlling all accounting transactions; ensuring systems and procedures safeguard assets, provide viable management information, and are in accordance with generally accepted accounting principles and governmental regulations;

12. Asset Management – processing and recording of donor contributions and grant payments, ensuring income and disbursements comply with public support tests and other community foundation standards;

13. Budget – administration of budget process, development and presentation of annual budget reflecting sound projections of revenues and expenditures;

14. Accounts Payable – processing and generating payment checks for various expenses, invoices, and payroll.

15. Payroll – oversight of processing of payroll, payment of payroll tax liabilities and payroll reporting.

16. Records Retention –ensures proper retention of all financial documents and records including electronic files.

Administration: Operations; Responsible for assigned administrative functions, including:

17. Reviews and maintains adequate business insurance coverage in the areas of commercial liability, directors and officers liability, and workers compensation.

18. Performs other duties as assigned.

External Awareness/Community Engagement

19. Serves as Community Foundation representative to government agencies, professional associations, geographic affiliates, and other outside organizations on finance and accounting issues. Advises donors and other fund principals when needed on matters related to financial and investment positions and results.

Information Management Systems; Serves as the lead in Information Management Systems through oversight of a cross-functional technology team. Team responsibilities include:

20. Computer network operations management.

21. Hardware and software acquisitions and management.
22. End user support and vendor relations.

23. Adheres to established protocol and standards when entering or updating data.

24. Address additional IT needs that may arise.

Professional Development

25. Keeps current regarding trends and developments in accounting and financial planning, management, analyses, administration, and applicable laws and regulations, through reading of professional literature and attendance at appropriate seminars, conferences, and workshops.

Knowledge, Skills, and Abilities Required

1. At a minimum, completion of a Bachelor's degree in accounting or finance; CPA preferred. Able to demonstrate sufficient knowledge of accounting, finance, and general business administration, in order to oversee and direct accounting and related functions.

2. Approximately five to seven years of related work experience in various aspects of community foundation or non-profit organization financial management to include disbursement and donor fund management, audit procedures, financial planning and reporting, and monitoring outside investment management. Minimum ten years of experience with an accounting firm, business or non-profit organization required.

3. Advanced interpersonal skills necessary to provide effective motivation and leadership to assigned staff; develop and maintain cooperative working relationships with a variety of individuals, committees and organizations; make effective presentations to Board members and committees.

4. High level analytical abilities necessary to monitor and refine accounting and investment activities and results. Able to identify impact of various financial transactions, and ensure compliance with governmental rules and regulations.

5. Knowledge and skill in utilizing Microsoft Office software applications. In-depth understanding of comprehensive community foundation database application in order to monitor and oversee record-keeping and transactions.

6. Exercises a high level of thoughtful and insightful judgment within areas of accountability.

7. Ability to handle confidential information in a professional manner.

The Community Foundation for Muskegon County includes: Community Foundation, Frauenthal Center, Western Avenue Properties, and two supporting organizations.
